### **California Proposition 65 Compliance Declaration Certificate**

We hereby certify that all goods produced by MEO Jewelry Co., Ltd., including jewelry made of 925 sterling silver, 9k gold, 10k gold, 14k gold, and 18k gold, are manufactured and supplied in full compliance with all of the requirements of California's Safe Drinking Water and Toxic Enforcement Act of 1986. Commonly referred to as California Proposition 65 (Prop 65), this act has established a list of chemicals that the State of California's risk assessment process has deemed hazardous, posing a risk of cancer, birth defects, or other reproductive harm. None of the above-mentioned goods produced by MEO Jewelry Co., Ltd. contain any Proposition 65 List chemical in a concentration that would require a warning label per California Proposition 65 regulations.

The current Proposition 65 List can be found here: <https://oehha.ca.gov/proposition-65/proposition-65-list>

Because this list is revised regularly, MEO Jewelry Co., Ltd. maintains a dedicated in-house team responsible for keeping all of our operations in compliance with the most recent changes to this list, and we consequently keep this declaration updated to reflect these changes. The provisions of this declaration of California Proposition 65 compliance supersede and replace the provisions of all other certificates previously posted relating to MEO Jewelry Co., Ltd.'s California Proposition 65 compliance.
